**RECYCLING PILOT PROGRAM BILLS ARE ON THE WAY**

*Residents will receive their first bill later this month*

INDIANAPOLIS – Time is running out for residents who want to cancel their participation in the pilot curbside recycling program. Republic Services of Indiana distributed 10,000 96-gallon recycling carts to residents who live on the north side of Indianapolis back in February. During the first 90 days of the program, residents have been able to recycle at no charge.

The free portion of the recycling program ends on April 30. If residents want to continue to recycle, Republic will send a bill to them between April 27<sup>th</sup> and May 1<sup>st</sup>. The bill will be in the amount of \$48.00 and this discounted rate will allow a resident to continue participation in the curbside recycling program from May 2011 to May 2012. If residents no longer want to participate in the program, they must contact Republic Services of Indiana and request a cancellation. Residents wanting to opt-out of the recycling program are urged to contact Republic Services as soon as possible in order to avoid receiving a bill. Those who do receive a bill and still want to opt out should contact Republic Services of Indiana.

Residents should go to [www.indywaste.com](http://www.indywaste.com) and click on the Contact Us tab to request a cancellation or call 917-7300.
